Track your reading time online at <a href="http://merrimacklibrary.beanstack.org">http://merrimacklibrary.beanstack.org</a> OR use this paper log by coloring one block for each 15 minutes you read between June 26 and August 21. When you've completed the log, visit the library for your prize(s)! One log = 10 hours.

Congratulations! You've completed the Summer Reading Challenge!

But guess what? Read more, earn more prizes AND help us reach our 600 badges goal!

Celebrate your victory at our Concert in the Park with Judy Pancoast on August 21st at 6:00 PM!

Studies have shown that kids and teens who read regularly during vacation months begin the school year with better reading skills than their classmates who did not read.

Just 15 minutes a day will do the trick. Read what you like! Books, magazines, e-books, comics, manga, and graphic novels all count. Being read to or listening to audiobooks counts too! Reading time can be done in segments throughout the day. It doesn't matter what or how you read, as long as you do!

This year's goal is for everyone to complete 600 badges during our 8 week program. Every minute you log in Beanstack helps us reach our goal and defeat the Summer Reading Challenge! When we reach our goal, the Friends of the Merrimack Library will make a donation to Laura's World Fund.

Babies and toddlers ages 0 –36 months can participate in the Summer Reading Challenge too! Pick up our Early Literacy Log to track reading activities with little ones.

Teens and adults can also participate in the Summer Reading Challenge. Each age group has its own events and perks.

Speak to the staff about getting the whole family signed up!

Prizes for finishing your reading log include: a prize book of your choice, charms, activity books, fidgets and a coupon for a local treat\*

\*Coupons available while supplies last

Merrimack Public Library
2024 Summer Reading Challenge
Reading Log
Ages 3-12

## Name

Register now, but start logging your reading time on June 26. You have until August 21 to complete the reading goal.

You can log as much time as you want!

You can now log your time online! See inside for details.
